

AMENDED IN ASSEMBLY APRIL 11, 2007

CALIFORNIA LEGISLATURE—2007–08 REGULAR SESSION

ASSEMBLY BILL

No. 1473

Introduced by Assembly Member Feuer

February 23, 2007

An act to add Sections 44002.1 and 44002.2 to the Public Resources Code, relating to solid waste.

LEGISLATIVE COUNSEL'S DIGEST

AB 1473, as amended, Feuer. Solid waste facility: permits: enforcement.

The California Integrated Waste Management Act of 1989, which is administered by the California Integrated Waste Management Board, prohibits a person from operating a solid waste facility without a solid waste facilities permit if that facility is required to have a permit pursuant to the act. The enforcement agency is required to immediately issue a cease and desist order ordering a solid waste facility that is operating without a permit to immediately cease operations and to direct the owner or operator of the facility to obtain a permit.

This bill would allow an enforcement agency to stay the issuance of a cease and desist order if the solid waste facility accepts only materials that are ~~source-separated~~ *source separated* for recycling and meets other specified conditions with regard to the operation of the facility.

The bill would require the board to conduct a study of the environmental and public health impacts of solid waste facilities that accept only materials that are ~~source-separated~~ *source separated* for recycling and, based on the study, the board would be required to either revise the regulations adopted pursuant to the act with regard to the issuance of solid waste facilities permits for those facilities or determine

that the existing regulations are appropriate with regard to those facilities.

The bill would make the provision authorizing the enforcement agency to issue a stay inoperative on January 1, 2012. If, before January 1, 2012, the board adopts those regulations specified above, or determines not to revise the existing regulations, the board would be required to notify the Secretary of State of this action and that authorization provision would become inoperative on the effective date of the adoption of the revised regulations or the date of that determination.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: no.
